

## Lovesick Rodeo

Who'll save who in this lovesick rodeo  
Give me one more boogymoon night and well know

Never did I ever see you coming  
I never saw you leaving too  
And with your hindsight 2020 you see  
Im just a lovesick rodeo fool  
I dig the hoodoo in voodoo canyon  
I can groove a good country tune  
But give me one love Marley any day  
And one more boogymoon night with you

Give me one more boogymoon night and well know  
Wholl save who in this rodeo

I dig your rawhide southern grin  
Maybe I'd have tried to catch your eye  
I know an old outlaw, I remember when he said  
Some things you never leave behind  
But I swear I never saw you coming  
I never saw you leaving too  
Lovesick, lonely rodeo  
Maybe I see you neath that boogymoon

Give me one more boogymoon night and well know  
Wholl save who in this rodeo

Bang Bang Gunshot the Boogy  
Lovesick up go the hoody  
Shy eye don't catch the fox  
Hear that rodeo clock  
Tic toc down go the bottle  
Up saddle hand to the throttle  
All in, pull back the curtain  
Only one way we're gonna know for certain

Give me one more boogymoon night and we'll know...
