

HALLELUJAH HARMONY

You were out there dreaming

Maybe even swimming 'gainst the tide

I could not believe it, albeit

I can feel it time to time

Those words you preaching

Maybe they just reaching for the light

The way you say we in that hallowed place where
two as one abide

You know that desire

Lord its in my flesh and soul

I'm longing for that song to sing that

hallelujah harmony

Hallelujah Harmony

Hallelujah!

When you in that One Love composition

Liberated from your disposition

Now your soul be on a mission

Hallelujah mission

Hallelujah harmony

I was having a tick talk

With this leaf upon a tree

Cause his colors ruffled my feathers, irresistible to
me

That hallowed wind blew and he

shook these words right into my breeze

I was green before when you passed by, Now my
changing form caught your eye

And that's alright,

cause you'll remember when you see

we in the One Love composition, hallelujah harmony

Hallelujah Harmony

Hallelujah!

When you in that One Love composition

Liberated from your disposition

Now your soul be on a mission

Hallelujah mission

Hallelujah harmony

we in this hallowed place

where two as one abide

my desire is yours, your desire is my mission
we are the light we reaching to and we are the
reaching...

Well, Hallelujah!

When you in that One Love composition

Liberated from your disposition

Now your soul be on a mission

Hallelujah mission

Hallelujah

Well, Hallelujah!

When you in that One Love composition

Liberated from your disposition

Now your soul be on a mission

Hallelujah mission

Hallelujah

Hallelujah Harmony
