

Grace and Boogy

Grace and sin walk hand in hand
Bring on the boogy groove
Sometime we fall sometime we ascend
Bring on the boogy groove

Phoneline, online, all too thin
On my mind, your flesh, your blood your skin
Look out now the boogy's creeping in
Bring on the boogy groove

When that climb just a bit too steep
Bring on the boogy groove
When your skin just a little out of reach
Bring on the boogy groove

Phoneline, online, all too thin
On my mind, your flesh, your blood your skin
Look out now the boogy's creeping in
Bring on the boogy groove

Preach it, teach it, Bring on the boogy
Bring on the boogy groove
Reach in for it
Lean in to it
Bring on the boogy groove

You keep preaching that grace and sin
You be reaching for that boogy groove
When you reach, when you lean in
You be reaching for that boogy groove

Phoneline, online, all too thin
On my mind, your flesh, your blood your skin
Look out now the boogy's creeping in
Bring on the boogy groove

Preach it, teach it, Bring on the boogy
Bring on the boogy groove
Reach in for it
Lean in to it
Bring on the boogy groove
